VICTORY CHUKWUMA

Product Designer / Founder / 0 to 1 Builder

Lagos, Nigeria • +234 810 625 8307 • victorychukwuma2@gmail.com **Portfolio** • **LinkedIn**

PROFILE

Product designer at Skydd and founder of LOQD, building digital products from Nigeria. I work across product strategy, UX, interaction design, prototyping, systems, and early validation - turning ambiguous ideas into clear, useful products.

CORE STRENGTHS

Product strategy • Product design • UX research • Interaction design • Design systems • Prototyping • Product management • Design leadership • Venture building

EXPERIENCE

Product Designer | Skydd **Jul 2025 - Present**

Design digital products from discovery through delivery, shaping product direction, user flows, interaction patterns, prototypes, and scalable systems with cross-functional teams.

Founder | LOQD **Apr 2026 - Present**

Building a personal venture from 0 to 1 across vision, product strategy, brand, UX, validation, and go-to-market; also exploring early-stage products Meelow and Coupon.

Co-Founder | Juju Games **May 2023 - Present**

Co-founded the studio and led product and interface design across Vodou: A Space Odyssey, Boju Boju, and Payton Ville, including HUDs, inventory flows, quests, and visual systems.

Product Designer | The Cypha **Feb 2024 - Feb 2025**

Designed SKRHYB's dual-user CMS and dashboard, led product design for GLOBLSERVICE, and built a reusable design system spanning three platforms.

Product Designer | Vroom Ng **Aug 2023 - Aug 2024**

Designed rider and driver apps, operational dashboards, brand experiences, and gamified features for a mobile-first transport product.

Product Designer | Hydrogen HR **Jan 2023 - Jul 2023**

Delivered payroll and people-management experiences through user journeys, prototypes, usability feedback, and production-ready interface design.

SELECTED WORK

LOQD • Meelow • Coupon • Skydd products • SKRHYB • GLOBLSERVICE • Vroom • Vodou: A Space Odyssey
